REPORT
ON
The Administration
OF
The DUNGARPUR STATE (Rajputana,)
FOR

The Samvat year 1972-73 Bikrami
(A. D. 1915-16.)

CHAPTER I.

GENERAL AND POLITICAL.

The State extends North to South from 25°. 13' to 24°. O. N. L. and West to East from 75°. 30' to 74°. 30' E. L.

General Situation.

Area, Population etc.—The area is 1,447 square miles and the population 1,59,192-souls of whom over half are Bhils, residing in 767 villages and 3 towns. The means of communication are fair weather roads. Railway does not traverse any part of the State and the nearest Railway Stations, Udaipur on the Ajmer and Talod on the Bombay sides, are both over sixty miles. The average Gross revenue of the State for the last 5 years amounts to Rs. 3,21,941-6-0 a year.

The Ruling House.—The Rulers of Durgarpur represent the eldest branch of the Sisodiyas and the State is said to have been founded about the close of the Thirteenth Century A. D. by one Rahup. About

the middle of the 16th Century, Banswara under a younger brother became separate. Shortly after under Rawal Askaranji an alliance was concluded with the Moghuls and later on in 1818 under Maharawal Jaswant Singhji with the Hon'ble the East India Company. The State did good service during the Mutiny of 1856.

The Dungarpur House is related by blood with the Houses of Udaipur, Banswara and Pratabgarh and by marriage with those of Sailana, Rutlam, Sirohi, Jaisalmer, Alwar and Kishangarh.

Present Ruler.—The present Ruler is His Highness Rai Rayan Maharawal Shri Sir Bijaysinghji Saheb Bahadur K C I E who is in the 29th year of his age His Highness has three sons and one daughter. Shri Maharajkumar Lakshmansinghji Bahadur is the Heir-Apparent.

I. Within the State—His highness did not make any tours during the year within the State except once when he visited Antri for two days on account of Scarcity as his movements should have entailed a lot of arrangements, while Revenue and other Officers were engaged in taking measures to combat the scarcity.

II. *Outside the Territory*—Visit to Ajmer—In November 1915 His Highness visited Ajmer to attend the meetings of the General Council and of the Managing Committee of the Mayo College. For a night His Highness visited Kishangarh at the invitation of His Highness the Maharaja

Visits to Benares.—His Highness paid two visits to Benares. The first in December 1915 to attend

the 6th Mahadhiveshan of Shri Bhara Dharam Mahamandal over one of whose sittings His Highness also presided. The Shrine of Vindhiavasni was also visited. Again in February 1916 His Highness proceeded to Benares to attend the Foundation Stone Laying Ceremony of the Benares Hindu University by the Viceroy, His Excellency Lord Hardinge of Penshurst. On this occasion, too, His Highness presided over one of the meetings. The Shrine of Onkareshwarji was visited in course of the onward journey to Benares.

Visit to Sailana — On the occasion of the marriage of the youngest Rajkumari of Sailana, Their Highnesses, the Maharajkumars and Shri Baiji Saheba went to Sailana. While there His Highness paid flying visits to Narsingharh and Neemuch. At Narsingharh His Highness, at the request of H. H. the Raja Saheb, laid the foundation stone of a Cotton Factory on the 22nd January 1916. On return journey from Narsingharh, the Bohra community of Bhopal presented Dalis at Sehor Station. At Ujjain His Highness had an interview with H. H. The Maharaja Scindia of Gwalior. Sar Suba of Ujjain and certain Bohras of the town also presented Nazars and Dalis. A day's visit was also paid to Rutlam.

Visit to Delhi — Early in March 1916 His Highness went to Delhi to say good-bye to the retiring Viceroy Lord Hardinge,

His Highness' illness. — During the latter part of the year His Highness did not keep good health and went out for a change of climate and recouping his health, visiting Sailana, Ajmer, Abu, Bikaner and Alwar. His Highness returned to the Capital

by the middle of August 1916 but unfortunately shortly after Shri Hazur had an attack of enteric fever.

Visits of Guests.—1. Bai Sarupkaunwarji with Kumar Himmatsinghji of Malpur were the guests of the Durbar for three days.

2. His Highness the Raja Saheb of Sailana twice visited Dungarpur during the illness of His Highness in April and September 1916.

3. Major Anderson I. A., Political Agent, Southern Rajputana States, came to Dungarpur on the 13th April 1916. On the 16th he went to Abu whence he returned on the 18th and then after three day's stay left Dungarpur.

Education of Maharajkumars.—The services of a Lady Governess, Mrs Aitken, were temporarily engaged on probation and the Maharajkumars placed under her tuton. Paudit. Deokinandan Misra continued to teach Hindi.

Under instructions from Government of India no
 Political Notable Events. celebrations took place on the occasion of His Imperial Majest's Birthday Anniversary, except the release of prisoners.

The Anniversary of His Highness Birthday also passed off without any celebrations being held as His Highness was not present in Dungarpur

The District Centre of St. John Ambulance Association was formed under the usual warrant. Rai Bahadur Munshi Ganeshram Rawat and Rai Saheb Seth Sobhachandji Dawda becoming Life Members.

The bloody War in Europe is still raging Darbar offered a sum of Rs 30,000 towards providing an Aeroplane for the service of the Empire.

The State Officials drawing Rs. 50 and over, volunteered to subscribe monthly one day's of their pay towards the Rajputana Aeroplane and Machine Gun Fund for four months and thereafter towards the Indian Imperial War Relief Fund during the continuance of the War

His Highness also presented to Government for Ambulance work their Deasy Motor Car.

Diwān.—The office of Diwan was ably held by R. B. Munshi Ganeshram Rawat who displayed his usual tact, judgement and discretion in discharging his onerous duties.

Relations with Foreign States.—Darbar's relation with the Government of India continued to be very cordial and the Durbar are very grateful to the Hon'ble the Agent to the Governor-General in Rajputana; the Resident in Mewar, and the Political Agent, Southern Rajputana States, for the good advice they always gave when consulted. The relations with the neighbouring States also continued to be very friendly.

Personnel.—The services of Thakur Ranjitsing of Gamra as Police Inspector were dispensed with. Later on he was temporarily appointed as Fouj Bakhshi when Kanwar Sangramsingji gave up the office owing to the death of his father, Thakur Saheb Zorawarsinghji of Peit.

CHAPTER II.

IJLAS ALIA SHRI HAZUR DARBAR.

Ijlas Alia Shri Hazur Darbar is the highest Court of Appeal and the only place for applications for mercy. It is presided over in person by His Highness the Maharawal Sahib Bahadur.

Only two appeals were filed against the decision of the Diwan, one of which was dismissed and the other allowed.

During the latter half of the year owing to the illness of His Highness, most of the work of Ijlas Alia was carried through by the Diwan, only important matters being postponed till His Highness's recovery.

CHAPTER III.

GENERAL ADMINISTRATION.

Mehekma Khas under the Diwan continues, as usual to control Settlement, Revenue, Mehekma Khas. Excise Education, Customs, and Medical Departments and to supervise all the other branches of administration.

Settlement.—Object and Principles —This is the 2nd Settlement and was in every respect based on the First one and was undertaken with the object of assessing the improvements effected during the last decade.

The survey of all the Rasti villages was checked and existing maps were corrected. The Bhilwa villages were not surveyed. Their area was calculated by what is known as 'Bijwa System.' The quantity of seed required for each field within a Bhilwa village was ascertained from the selected Punches, 10% of which was actually surveyed which fixed the ratio of seed quantity to area for each village. This furnished reasonable data for arriving at a fair approximation of the assessable area of the village concerned.

The increase in the number of tanks, wells, cattle, both plough and other, was marked all over the State.

In making assessments the Circle rates arrived at by Mr. Holme in course of the last Settlements were taken as guide in the Rasti villages. But the Bhilwa villages were more leniently assessed, generally under Third Class Circle rates, besides being given the benefit of 20 per cent reductions.

The result —The result has been that the increase amounted to Rs. 35,015/- including the Revenue assessed on the Muafis resumed 1314 acres of land shown cultivated under the last Settlement has been returned as fallow, while 11848 acres of the latter class has been brought under plough and newly assessed.

Expenditure.—The total expenditure on Settlement to the end of the year amounted to Rs. 10,424-4-3 and it is expected to cost an additional sum of Rs. 1,000/ for the work that yet remains to be done. This cheap work has been possible by training local staff and economising every item, the credit for which is due to the Settlement Officer, Rai Bahadur Munshi Ganeshram Rawat, and the Settlement Secretary, Mr. Ramswaroopa Rawat.

Revenue Charge.—Mr. Ramswaroopa Rawat was in charge of Revenue with Mr. Gandhi Sukhlal as his Assistant.

General.—The number of villages has been increased by three, one Manikpur having been newly populated, while two having been separately numbered. Two Muafi villages, Dad and Gokalpura, have been resumed for want of a male heir to the original grantee ; while one Barkeshar has relapsed under the terms of the last Settlement. The village of Kherdungra has at last been re-populated.

Immigration and Emigration —6 Assamis migrated into Dungarpur from Kadana and seven from Lunawada and settled in Patta Peit. Two Dungarpur Assamis of Lembatan in Katara emigrated to Banswara.

Metereology.—The rains had failed in 1915 Only a few timely showers in October saved the situation from getting serious There were no autumn rains. So on the whole scarcity conditions prevailed.

This year's monsoon of 1916 has been more favourable. It commenced early in June and then after a break of a fortnight, it set in earnest. Rainfall was general and well distributed, but there were no heavy downpours. It mostly rained in cents.

Land Revenue.—This was the first year of the New Settlement and demand, collections etc, are compared below :—

| Details | 1971-72 Rs | 1972-73 Rs. | Details | 1971-72 Rs. | 1972-73 Rs. |
|--------------|---------------|----------------|-------------|----------------|----------------|
| Land Revenue | 1,33,135 | 1,68,199 | Collections | 1,33,093 | 1,56,611 |
| Arrears | 861 | 462 | Remissions | 441 | 1,222 |
| | | | Suspensions | 462 | 1,828 |
| Total | 1,33,996 | 1,68,661 | Total | 1,33,996 | 1,68,661 |

Collections were made without any force.

Taccavi —Scarcity having decimated cattle, Taccavi was advanced for purchase of cattle and Guzara.

Wells and Tanks.—56 Kacha wells and 18 Pakka ones have been sunk in the Khalsa villages. Four of the old damaged tanks and 12 out of the 13 tanks breached by the last monsoons were completely and locally repaired.

Prices of Food-Grains —These ruled high to the middle of September 1916 when they began to fall as the produce of the new crop began to come in.

Mango and Mahuwa Plantation.—Only 920 Mango and 1016 Mahuwa trees have survived out of the last few years' plantations. The fencing of these

trees with Thoor Hedges introduced last year appears to be promising. The Revenue Officer also seems to have taken better interest in them than up to now and to have also arranged better supervision.

Grass and Fodder.—Out of the closing balance of 60,00,000 Pulas in village ricks at the last year, only 4,67,083 have remained.

Improvements.—Certain improvements have been made in the rules regulating the killing of pigs, camel grazing and collection and disbursement of village money.

Registration.—The income from this source amounted to Rs. 195-2.

Condition of people—General condition of people was satisfactory. Though the year was one of scarcity nothing untoward took place. No epidemic was reported.

Court of Wards.—The year opened with 23 Thikanas under the Court, of which 3, Khoodarda, Dhodhawara, and Dhodhran, were released. There remain only 20 under the supervision of the Court, 13 on account of minority, 6 on account of incapacity of the Tahkurs and one account of there being no male descendant. The condition of all the estates is reported to be improving.

The Maufidars of Hathai and Ghoogran and the Tankedar of Gumanpura are being educated at the Mayo College, Ajmer. and those of Damri, Sanchiya, Padardi and Nogama at the Pinhey School, Dungarpur.

Mr. Ramswaroopa Rawat was in charge of this Department, Ganja, Bhang and Opium are sold out in retail through the Customs Nakas besides at three shops run under license.

Excise Department,
General.

The total income from Ganja and Bhang amounted to Rs. 1,359-1-0 and from opium Rs. 11,146-9 5. Better arrangements have been made for the suppression of illicit trade in the drug and the results are perceptible in the improved revenue.

Abkari.—This has been the first year of the Madras System. It has so far worked well. The table below gives particulars:—

| Kind of Spirit. | Con-tractor's Price | | | State Duty. | | | Total. | | | Retail Price per Bottle | | | Quantity Issued. | Duty Realised. | | |
|-------------------------|---------------------|----|----|-------------|-----|-----|--------|----|----|-------------------------|----|----|------------------|----------------|----|----|

| Total Rs. | | | | | | | | | | | | | .. | 32,637 | 9 | 5 |

There were 73 shops originally licensed to sell liquor 28 shops were opened later provisionally to meet Holi demands Of these however, 23 were allowed to continue to the close of the year The shop Licenses were auctioned and brought in Rs. 11,510-8-3.

41,872 Gallons of L. P. were issued to retail vendors and 5870 Gallons of spirit were given back for redistillation ; 3,512 Gallon remaining in store.

Prevention.—All reasonable measures had been taken to prevent illicit distillation and smuggling; and judging from the results of the last year they have proved more successful than expected. Detection of Abkari offences has been made a part of the duty of Police and Customs Sepoys as well, and the co-operation with which they have all worked together is creditable and is gratefully acknowledged

by the Chief Excise Officer. It is, however, to be noted with regret that smuggling on the Mewar Border has not yet been brought under control. The Chief Excise Officer suggests the stationing of guards at every 5 or 6 miles to enforce proper suppression. There were in all 144 offences under Abkari Laws of which 140 were disposed of. Out of Rs. 1,300-10-3 realized on account of fines Rs. 524-5-3 have been distributed in giving rewards to informers, witnesses, etc.

Receipts.—Total receipts from Abkari amounted to Rs. 45,512-13-0. Out of this a sum of Rs. 9,799-0-0 is to be allotted for repayment of the loan incurred to meet the initial expenditure, another sum of Rs. 6,518 on account of the working expenses, and the balance of Rs. 29,397 is to be shared between the Darbar and the Jagirdars who will get Rs. 5,547 (exclusive of their share in the repayment of loan) in ratio of population.

It may, however, be added that experience goes to prove that the ratio of income to population is much more in the towns than in the rural places. The total population within the radius of the shops at Dungarpur, Sagwara and Galiakot is 21,870 with an income of Rs. 12,456 on account of duty and License fees which gives Rs. 0-9 1½ per head whereas for the remaining population of 1,37,322 there remains only a sum of Rs. 33,059 giving only Rs. 0-3-10 per head. Again these three shops alone have fetched Rs. 7,700 out of the total of Rs. 25,000 for the next year. That goes to prove the fact that the town population pays about three times the revenue paid by the rural population.

The Department was in charge of Education. the Revenue Officer. Mr. Kanhiya Lal Mathur, B. A. continued to be Headmaster.

The Pinhey School at the Capital teaches English, Hindi, Urdu Sanskrit and Persian upto the Middle Standard. Three candidates were sent up for the Rajputana Middle School Examination of whom one proved successful. The Girls' School also did fairly well

There are 6 Vernacular School in the Mufassil, three of which are aided. Nearly half a dozen are private schools. All are reported to be doing good work.

The Boys' Library and the School Book Depot are appreciated.

The Rajput Boarding House has maintained its popularity.

Books are distributed free to boys in Mufassil. some deserving boys also get scholarships and free board

Customs Charge Mr. Sowalal Rawat held charge of the Department.

No change has been made in Customs Rules and Regulations only Grazing Rules have been amended. The Tariff in force forms Appendix No. IX.

Trade.—Owing to failure of crops on account of the scanty rainfall during the preceding year and consequent scarcity of fodder, there was a remarkable decrease under all the Heads of Export except Cattle Hides. There was also decrease under Import, partly due to high prices of foreign goods and partly to the failure of crops.

The year was an average one, as regards general health of public. There were no outbreaks of epidemics in any part of the State.

Vaccination was carried on by two Vaccinators and one Assistant Compounder, and the results were reported to be good.

Under a Farman of Shri Hazur arrangements are being made to start a Travelling Dispensary experimentally.

Vital Statistics are given in Appendix No XI and other particulars relating to Dispensaries in Appendix No. X.

CHAPTER IV.

PROTECTION.

Legislation No new particular law was enacted during the year.

Chief Court is the highest Court in civil and revenue matters and Sessions Court and Session Court in criminal ones. Death sentences require to be confirmed by His Highness Shri Hazur Darbar. Particulars relating to both these are given in appendices Nos. XIV and XV.

Mehekma Qwaid has the control and supervision over Adalat Foujdari, Diwani, Sagwara Zilla Court, Izlai Gair and Jail.

Mehekma Qwaid
General

Pandit Balwant Ramchandra held charge of the Department as also of the First Class Magistrate and Civil Judge.

Criminal Work.—There was some increase in the number of criminal cases and also in that of the persons arrested which is to be accounted for by the scarcity which prevailed for the greater part of the year.

20 Cases were tried under Summary Powers.

5 Appeals were filed against the decision of the 2nd Class Magistrate, Sagwara, of which three were rejected. Mr. Mani Lal's work has on the whole been satisfactory

239 Miscellaneous cases—majority relating to lost cattle—came up and were disposed of by Musahab Qwaid. Further particulars are given in Appendix No. XVI.

Civil Work—The number of civil suits and the value thereof have both fallen; partly due to the failure of crops in the preceding year and partly due to the Civil Judge not going out in tour.

There was some rise in the applications for the execution of decrees.

No civil appeals were filed during the year.

Details will be found in Appendix No. XVII.

The Jail.—Saiyad Imam Ali was in charge of the Jail and discharged his duties well.

The building is commodious enough to accommodate separately male, female and under-trial prisoners and Office and Hospital. Usual Jail industries such as carpet-making etc. are carried on

Good discipline was maintained throughout the year and no breaches thereof were reported. The health of the prisoners was also satisfactory. No death did occur except that of a female infant born of a life-convict, Mussammatt Kali, in the Jail.

130 Finger Impressions Slips were prepared from 120 prisoners.

Izlai Gair.—Izlai Gair deals with matters connected with disputes between the subjects of the State and those of a foreign one. Mr. Bashirkhan was in charge of the office.

Owing to the scarcity that prevailed during the season, no Border Courts were held with any of the neighbouring States.

Mr. Shahbaz Khan was Superintendent of Police during the year.

Police Charge
and General.

The Police number 243 all told, armed with 99 smooth bore Snider Rifles and are daily drilled. They wear Khaki Uniforms. The ratio of Police is 1 to every 654 individuals and every six Square Miles.

There is a great shortage of arms in the Police.

There are 7 Thanas and 10 Choukis. The Police Out-Post at Kanodia being on the Mewar Border was temporarily converted into Thana during the period of scarcity.

Of the 4 Under-trial prisoners who made their escape in 1915 only one was still at large. He, too, delivered himself to the Police some months ago.

There has been some rise in the number of crimes from 180 to 237. This is mainly observable among ordinary offences, the cases of simple theft alone have just doubled. The Superintendent ascribes this to the failure of previous year's crops.

There was decrease in the value of property stolen and increase in the value of property recovered which is creditable to the Police.

It would not be out of place to illustrate the indifference of the Mewar authorities to working in co-operation with the Police of this State. A dacoity was committed by some Bhils at Aspur. Gujarkhan Havildar shot dead one Kubla Bhil of Itadi in Mewar. He was a notorious character, had more than once been convicted by Vaklai Panchayat and was now among the raiders. A crowd of Bhils thereupon collected at the Mewar Border to seize the dead body of Kubla and avenge his death. The Mewar authorities were communicated to and requested to take immediate steps to disperse this unlawful assembly.

and thereby prevent the breach of public peace. But they would do nothing of the kind. Such conduct among the officials of a neighbouring State may well be interpreted as countenancing troubles at the border and declining all co-operation.

Bijey Paltan.—This is recruited from among the Military Department. Rajputs and is employed for furnishing guards at the Palaces and escort to Their Highnesses whenever required. They are regularly drilled, wear uniforms and are armed with 50 Muzzle Loading Guns borrowed from the Police till others are obtained for them.

Cavalry.—There are only 9 Sowars who are employed for purposes of escort to Their Highnesses.

Artillery.—There are only two serviceable guns which are used for saluting purposes on ceremonial occasions.

CHAPTER V.

ACCOUNTS AND FINANCE.

Charge.—Lala Murlidhar Bhargava was in charge of the Department except for a period of 54 days. For 45 days he suffered from the effects of an assault made on him by a Baba. Next he proceeded to Abu in connection with an application for loan from Government which the Darbar contemplated to take owing to the failure of monsoon in the preceding year and the introduction of the Madras System in the Abkari arrangements. This was subsequently withdrawn as the monsoon of 1916 turned out to be favourable. On first occasion Mr Bhargava was officiated by Sârdar Pratabsingh, State Engineer, and on the second by Mr. Tulsiram Trivedi, his Assistant.

Income —The Gross Receipts of the year amounted to Rs. 3,66,029-3-0 against Rs. 3,82,271-11-7 of the previous year. These are better by a sum of Rs. 15,987-1-5 as the figures of the preceding year include Rs 32,229-10-10 on account of deposits.

The increase under receipts is mainly due to the Revision of Settlement and introduction of the Madras System.

Expenditure.—The total expenditure amounted to Rs. 3,91,433-5-0 against Rs. 3,96,848 8 1 of the year before which included a sum of Rs. 30,448-7-7 on account of refund of deposits. The total increase in expenditure, therefore, amounts to Rs. 25,000/- in round figures.

| | Rs. | A. | P. |
|-------------------------------------------------------------------------------------------|--------|----|----|
| Education of Shri Maharajkumars ... | 4,704 | 12 | 5 |
| Excise, consequent on introduction of Madras System . . . | 5,662 | 9 | 10 |
| Taccavi owing to Scarcity . . . | 4,860 | 0 | 0 |
| Marriage and Funeral due to Marriage celebration of Sailana Rajkumari Saheba | 4,800 | 11 | 5 |
| Scarcity | 1,420 | 15 | 1 |
| War Contributions | 4,094 | 2 | 8 |
| His Highness's Illness - ... | 19,340 | 14 | 1 |
| Total ... | 44,893 | 1 | 6 |

These several increases under the several heads aggregate to Rs. 44,893 1-6, but there is hardly any that would call for any comments to justify its existence. However the decreases under many of the Heads under Disbursements such as Army; Public Works; Excise and Extraordinary Miscellaneous reduce this big amount to only Rs. 25,000/- in round figures.

The transactions at the Treasury for the year under report amounted to Rs 10,00,505-4-0 on both sides of the account compared with Rs 9,08,940-1-8 of the previous year. Out of these transactions, those with Shri Ramchandra Lakshman Bank amounted to Rs. 1,08,656-10-10.

Government of India Loan.—This has been further reduced by a sum of Rs. 20,000/- and now stands at only Rs 1,15,000.

Other Debts.—Rs. 36,656-10-10 are due to Shri Ramchandra Lakshman Bank in the two following accounts :—

Rs. 22 656-10-10 on account of the expenses incurred in the introduction of the Madras System in the Abkari Arrangements of the State and

Rs. 14,000/- in current account of the State.

A sum of Rs. 2,927-11-4 (including interest) is due to Kotaria Sadashiva Shakarchand being the balance of the debt due to him by the late Maji Saheba.

Famine Reserve — The Famine Reserve Fund was further supplemented by a sum of Rs. 5,005/- while a sum of Rs. 1,000/- out of Rs. 4,999/- contributed last year by His Highness from Privy Purse was transferred to another fund to which it had wrongly been credited by the Bank. The total Famine Reserve now amounts to Rs. 55,019/.

Grain Reserve. — Owing to scarcity no addition was made to the Grain Reserve. The stock amounts to 1019 Maunds $8\frac{3}{4}$ Seers of grain stocked at a cost of Rs. 1,969-8-6.

The financial condition of the State is in every way satisfactory.

CHAPTER VII

PUBLIC WORKS DEPARTMENT.

Charge.—Sardar Pratabsingh held the office of State Engineer throughout the year.

Expenditure.—The total amount of expenditure under various heads amounted to Rs 31,319 3-11 against Rs 40,435-2-10. The decrease is due to the major portion of the expenditure on Distillery which was completed during the year under report, was accounted for during the preceding year. On the whole the year was a busy one for the Public Works Department.

Civil works.—Among the chief civil works, taken in hand, whether in progress or completed, may be mentioned.

1. Udaibilas Palace, 2. Repairs and Alterations to the Old Palaces, 3. Bijeygarh Palace, 4. Distillery, 5. Police Stations and 6 usual a annual repairs.

Irrigation.—Ordinary repairs to the old tanks were carried out. The Wasi Tank which had been breached previous year was fully repaired

Communications.—The main fair weather roads were kept in order. Some repairs were carried out on the Dungarpur-Virpur road by the erection of a Protection Wall.
